Organizations (0)

Web UI

Planned Improvements

- Better device presentation
- Dashboard options
- Lazy loading

New KMZ Features

Facility Data

- Locations and metadata
- Exported daily
- Importable to Google Maps

Later this year

- Export searches to KMZ
- Improved visual attributes

We Need Beta Testers

Consider using the Beta environment as default

- Regular data refresh throughout the month
- Beta separated from production
- Early access to improvements
- Easy feedback mechanism
- Try it at <https://beta.peeringdb.com>
